

21<sup>st</sup> January 2026

Dear Parent / Carer

**Year 11 March mock timetable and boosters and GCSE timetable for summer 2026 examination series**

Please find attached a copy of the timetable and booster information for all examinations taking place in both the March mocks as well as external GCSE examinations for this academic year. Please refer to this when supporting your child in their planning and preparation for their March mock examinations as well as their final GCSE external examinations.

The booklet has been designed to display exams and boosters taking place each week for both the March mocks and GCSE examinations.

All Year 11 students are expected to attend school each day as normal; you can see from the booklet the times of the day when examinations will take place. When an examination has finished, students will return to lessons as normal.

Wherever possible we have scheduled a booster session prior to each examination. Some of these boosters will begin at 8:00am. Please encourage your child to attend. Boosters are extremely valuable, providing final exam tips and techniques prior to students sitting their examination in that subject. Students can also access our free breakfast club prior to an 8:00am booster.

Please note the **GCSE Contingency Day on Wednesday 24<sup>th</sup> June 2026**. This is a day all external examination boards agree to allocate and use in cases of emergencies.

Although your child may have completed their final GCSE examination prior to this date, all examination boards request that candidates must be available to sit examinations up to this date. You must not take your child out of school before this date.

A paper copy of this booklet has been given to your child. They can also access an electronic copy of the booklet via TEAMS as well as via the school website:
